

Using Marking Guide to Grade Assignments

Marking Guides are grading forms used for criteria-based assessment. A numeric grade is assigned to each criterion. An instructor will assign a mark and add comments.

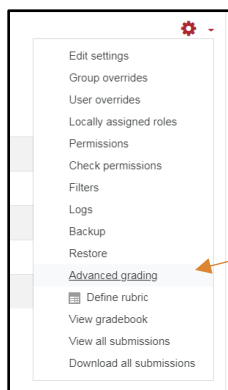

Unlike Marking Guides, Marking Guides do not have descriptive levels for each criterion. Grading criterion is appropriate to use when assigning levels for each criterion is difficult and not necessary. It is more like a checklist for students to plan their assignment and for faculty to assess.

- More information

Create a Marking Guide Form

1. Go to the course home page.
2. Click on the **Assignment** activity you have created.
3. Click the **Settings button** (top right side of activity), and click on **Advanced grading**. You can also access the Marking Guide editing tools if you select **Marking Guide** for the **Grading method** in the **Grade** section of the **Assignment Edit Settings**, and then click **Save and display**.

4. The **Advanced grading** page will appear.

Advanced grading: asdf (Submissions)

Change active grading method to Marking guide

Define new grading form from scratch

Create new grading form from a template

5. Set **Marking Guide** for "Change active grading method to".
6. Click **Define new grading form from scratch**. If you want to use a template (i.e. a Marking Guide you have access to from another assignment and/or course), choose **Create new grading form from a template**.

The setting page will appear.

Name Sample Marking Guide

Description

Rich text editor toolbar with icons for bold, italic, underline, text color, background color, bulleted list, numbered list, link, unlink, image, video, audio, and other media.

7. Type a **Name for the Marking Guide**. The Marking Guide Name should help you identify the skills the Marking Guide is assessing in case you want to re-use or edit the Marking Guide for other assignments. The Description is optional.

8. Click inside of the **Marking Guide**.

Format and Grammar
Includes title page

Save changes or Save changes and show next. Decide whether students will be notified.

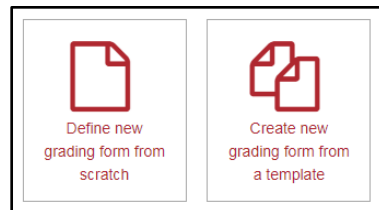

A horizontal bar with four buttons: 'Notify students' with a checked checkbox, 'Save changes' in a red box, 'Save and show next' in a red box, and 'Reset' in a grey box.

Use a Marking Guide from Another Assignment

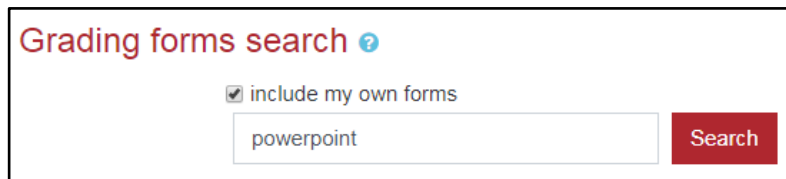

(You must have the 'teacher' role in the other course as well.)

1. Click on the assignment.
2. Click on **Advanced grading** under the Administration block.
3. Click on the **Create new grading form from the template** button.

Two side-by-side buttons. The left button has a single document icon and the text 'Define new grading form from scratch'. The right button has a double document icon and the text 'Create new grading form from a template'.

4. Check the **include my own forms** checkbox and click on the **Search** button.
The Marking Guides that you create will appear.

A search interface titled 'Grading forms search' with a help icon. It contains a checked checkbox labeled 'include my own forms', a text input field containing 'powerpoint', and a red 'Search' button.

5. Choose the **Marking Guide** by clicking the **Use this form as a template button** underneath the Marking Guide you want to use.

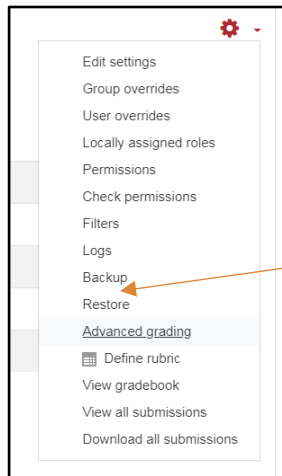

Use this form as a template

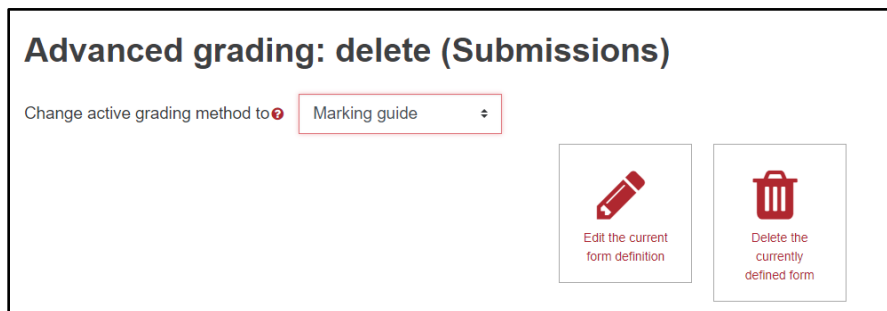

6. Click on the **Continue** button.

To Edit a Marking Guide / Delete a Marking Guide

1. Go to the course home page.
2. Click on the **Assignment** activity.
3. Click the **Settings button** (top right) and then **Advanced grading**.

4. To edit the Marking Guide: Click on the **Edit the current form definition button**.
To delete the Marking Guide: Click on the **Delete the currently defined form**.
