

Using Rubrics to Grade Assignments Assignment

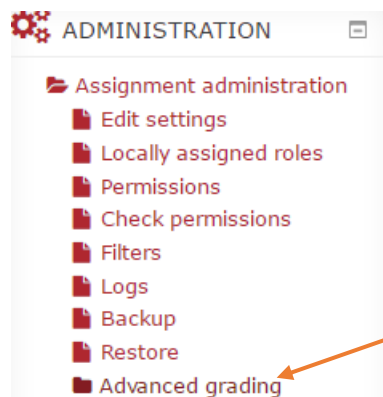

Rubrics are grading forms used for criteria-based assessment. The rubric consists of a set of criteria. For each criterion, several descriptive levels are provided. A numeric grade is assigned to each of these levels.

7. Type a **Name for the Rubric**. The Rubric Name should help you identify the skills the rubric is assessing in case you want to re-use or edit the rubric for other assignments. The Description is optional.

8. Click inside of the **Rubric**.

9. The text box will appear.

* **Always include a level of 0 points in the rubric definition.** (To get more information click [here](http://moodle.org) (moodle.org))

10. Type a **Criterion, Level** and **Points**.

* Use the Tab key to jump to the next level/criteria.

10. Add new criterion or level by clicking on the **Add criterion** button or **Add level** button.

11. Choose the **Rubric options**.

12. Click on the **Save rubric and make it ready** button.

Using the Rubric

When using the rubric to assess a student's work, you can click on the level describing the student's performance. The selected levels will become light green. A level must be selected for each criterion, otherwise the rubric is not validated by the server as the final grade cannot be calculated.
