

Copying Content into another Course

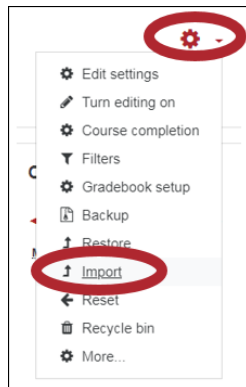

Content can be copied from one course to another, saving time having to rebuild a Moodle course every time a new term starts. This tip sheet will walk you through the process of using the Import function in Moodle.

Contents

- Copy Content using the Import function in Moodle

Copy Content using the Import function in Moodle

1. Click the **'Settings' button** in the **course you want to copy content to**, and then click on **'Import'** in the dropdown menu.

2. You will then be prompted to search for the **course you want to copy content from**. You can use the search box at the bottom of the list of courses to narrow your search. When you have selected the course you want to copy content from, click on the **'Continue'** button.

Note: you have to be attached to a course to import content from it.

Find a course to import data from:

Copying Content into another Course

- You will then be prompted to include or not include certain types of resources from the Moodle page you are copying from. **If you would like to copy the entire course over**, leave all of these checked. You can then click on '**Jump to the next step**' if you are copying the entire course, and you can also skip Steps 4 and 5 below. **If you are copying only some content over**, uncheck the content you don't want to bring over, and click '**Next**'.

1. Course selection ► 2. Initial settings ► 3. Schema settings ► 4. Confirmation and review ►
5. Perform import ► 6. Complete

Import settings

☒ Include activities and resources

☒ Include blocks

☒ Include filters

☒ Include calendar events

☒ Include question bank

☒ Include groups and groupings

☒ Include competencies

Next

- If you are only copying some content, you will be required to check the resources you want to bring over. Uncheck the resources you don't want brought over. **If you uncheck a section, none of the content will be brought over, to save you time.** Click '**Next**'.

☒ **Section 1**

☒ Example Assignment
 ☒ Example Quiz
 ☐ Example Page

Note: The section that contains the content you want brought over **needs to be checked too** (this is the first item in each section).

- On the review screen, you will be given an opportunity to check that the right resources were brought over. If a resource isn't being brought over, it will be marked with a **red 'x'**. If the resource is being imported, it will have a **green checkmark**. If the review is correct,

Copying Content into another Course

click on '**Perform import**', and then click on '**Continue**'.

You should now see your copied content in your course.
