

Feedback

Feedback

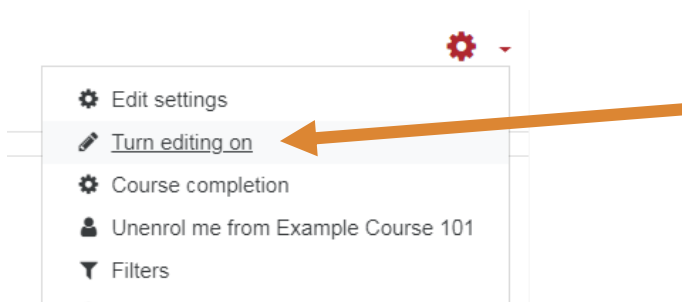

Feedback allows you to create and conduct surveys. You can create different kinds of questions: multiple choice, short answer, etc. You can share the results of the Feedback with the students or keep them confidential.

To Add Feedback

1. Go to the course home page.
2. Click on the **Settings** button at the top right of the page. From the dropdown menu, select **Turn editing on**.

- Click **Add an activity or resource** in the section where you would like your Feedback activity.
- Click on the **radio** button next to Feedback and click on the **Add** button.

- The "Adding a new Feedback page" will appear.
- Type a **Name** and **Description**. Ensure the Name clearly identifies the activity for the students. Do not put the description on the course home page (checkbox) unless absolutely necessary to ensure the course page does not become cluttered with course details and thus prevent easy student navigation.

Name 

Description

Please complete this short survey. Your feedback is valuable for future offerings of this course.

- Availability:** Set the opening time and the closing time. If you uncheck the checkbox, there is no time limit.

Availability

Allow answers from

11	December	2018	09	30		☒ Enable

8. Question and submission settings:

Question and submission settings

Record user names		Anonymous
Allow multiple submissions	?	No
Enable notification of submissions	?	No
Auto number questions	?	No

Record user names: Record User Name affects only what the teacher sees. Students do not see responses.

Allow multiple submissions: If enabled for anonymous surveys, users can submit feedback an unlimited number of times.

**Moodle does not allow you to change the Allow multiple submissions setting after someone has answered the Feedback activity.*

Enable notification of submissions: If enabled, the instructor will receive an email notification.

Auto number questions: Automated numbers for each question.

9. After submission

After submission

Show analysis page	No
Completion message	↶ ⓘ - B - I ☰ ☷ 🔗 🔄 🖼️ 📎 🎤 📹 📄
Link to next activity	?

Show analysis page: If enabled, summary results can be shown to students.

Completion message: This text will be displayed immediately after students submit their answers. You can use this page to explain what happens after the activity.

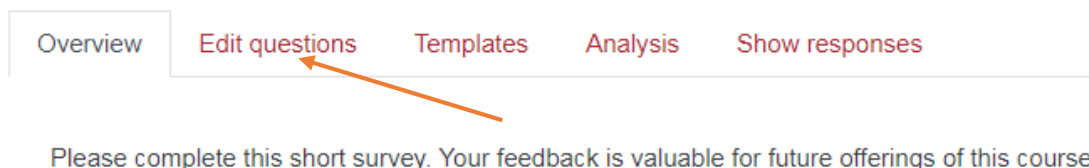

Link to next activity: If you want the students to go to a specific page after they submit the feedback, type the URL. If you leave this blank, the Continue button will take the students back to the course home page.

- Click on the **Save and display** button if you want to add questions right away. Otherwise, click on **Save and return to course**.

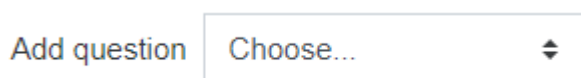

To Add Questions

- Click on the **Feedback activity** on the course home page.
You will see the Feedback page.
- Click on the **Edit questions** tab.

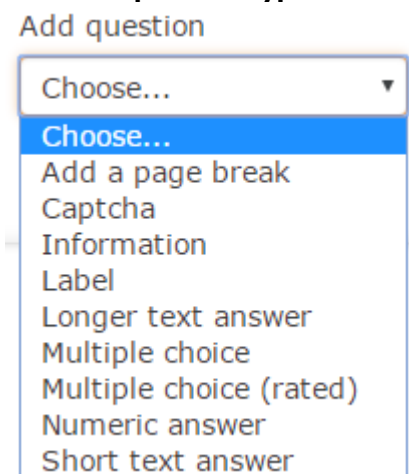

Example Feedback

- You will see the **Add question** dropdown menu.

- Choose a **question type** from the dropdown menu.

Question Types -

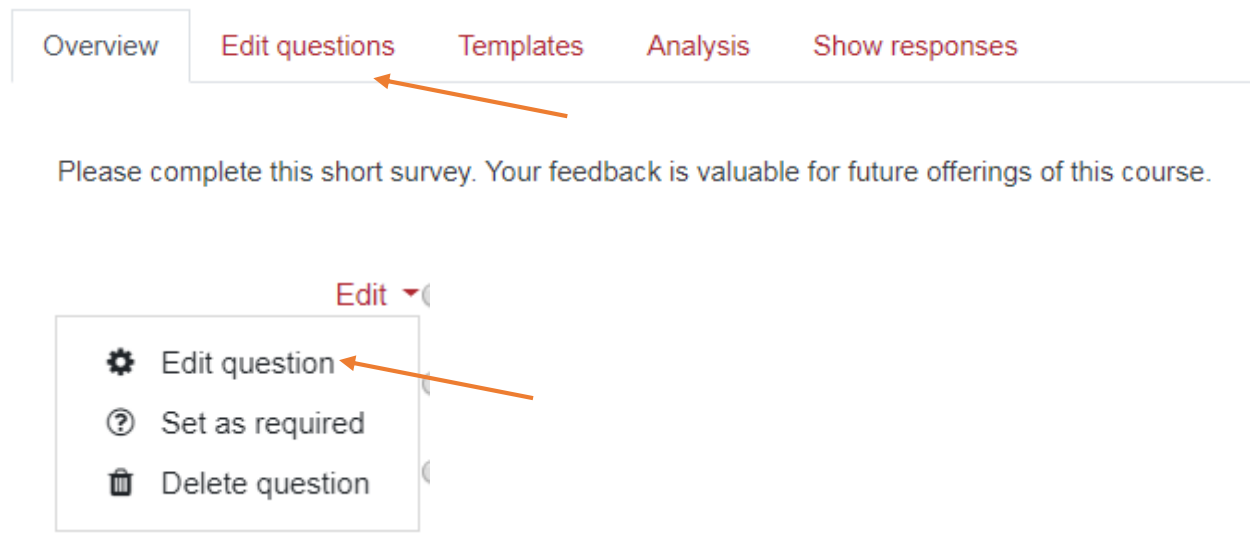

- **Add a page break:** Insert a page break.
- **Captcha:** Currently, this feature is unavailable.
- **Information:** You can insert information about the feedback into the form.
 - ◊ **Course:** The short name of the course.
 - ◊ **Course category:** The course category name.
- **Label:** You can type an explanation or instructions, etc.
- **Longer text answer:** You can decide the width and number of lines in the text box.
- **Multiple choice:** There are three types of multiple choice questions.
 - ◊ **multiple choice - single answer:** The student can select only one response by clicking the radio button.
 - ◊ **multiple choice - multiple answers:** The student can select as many responses as they want by clicking the checkbox.
 - ◊ **multiple choice - single answer allowed (drop down list):** The student can select only one response from the dropdown list.
- **Multiple choice (rated):** This is a multiple choice - single answer question. When the instructor looks at the analysis for this question, the average will be displayed. If the instructor exports the results to Excel, the rating numbers will be also exported.
- **Numeric answer:** You can set a range of values.
- **Short text answer:** You can specify the size and maximum characters of the text box.

5. **Required:** If you require the answer to this question, check this checkbox.
6. **Question:** Type the question.
7. **Label:** Type a Label name. The label will become a dependence item for the dependent question (if you create dependent questions).
8. **Dependence item:** It is possible to show an item depending on the value of another item. Choose **Label** from the list.
9. **Dependence value:** Type the value (eg. if this question is to follow if a student selects 'Strongly disagree', then 'Strongly disagree' is the value typed into this box).
10. Click on the **Save question** button.
You will see the Preview page.

To Edit a Question

1. Click on the **Feedback activity** from the course home page.
2. Click on the **Edit questions** tab. Click on **Edit**, and then **Edit question** in the dropdown menu.

Example Feedback

3. Modify the question.
4. Click on the **Save changes to question** or **Save as new question** button.

Dependence item

Add question Choose... ▾

(valuable) I found the learning valuable in this course

Edit ▾ ☒ Strongly agree

☐ Agree

☐ Neutral

☐ Disagree

☐ Strongly disagree

Edit ▾

(stronglyagreewritten) Why did you select 'Strongly Agree'? (valuable->Strongly agree)

Edit ▾

1. Create a question on which another item will depend.
2. Add a **page break**.
3. Add the **questions** dependent on the value of the item created before.
4. Choose the **item** from the list labelled "Dependence item".
5. Type the **required value** in the text box labelled "Dependence value".

6. Click on the **Save question** button.

Review Analysis

1. Click on the **Feedback activity** from the course home page.
2. Click on the **Analysis** tab.

You will see the result of the feedback. If you want to export the result to Excel, click on the **Export to Excel** button.

To See Individual Response

1. Click on the **Feedback activity** from the course home page.
2. Click on the **Show responses** tab.

Anonymous entries (1)

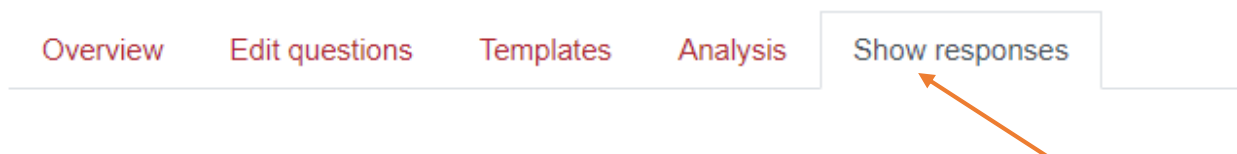

Download table data as Comma separated values (.csv) Download

Response number ▲	I found the learning valuable in this course	Why did you select 'Strongly Agree'?	
Response number: 1	Agree		

Note: if you set the responses as 'anonymous', you will not see student names.

To Delete Entry

1. Click on the **Feedback activity** from the course page.
2. Click on the **Show responses** tab.

3. Click on **Delete entry** (trashcan icon) on the right side of the response.
4. Click on the **Yes** button.

To Show Non-Respondents

1. Click on the **Feedback activity** from the course page.
2. Click on the **Show non-respondents** tab.
You will see the non-respondents list. Note: this tab is only available if responses are not anonymous.

Edit questions	Templates	Analysis	Show responses	Show non-respondents
----------------	-----------	----------	----------------	----------------------

Students students (1)
