

Feedback Feedback

Feedback allows you to create and conduct surveys. You can create different kinds of questions: multiple choice, short answer, etc. You can share the results of the Feedback with the students or keep them confidential.

To Add Feedback

1. Go to the course home page.
2. Click on the **Turn editing on** button at the top right of the page.
3. Click **Add an activity or resource**.
4. Click on the **radio** button next to Feedback and click on the **Add** button.
  Feedback
5. The "Adding a new Feedback page" will appear.
6. Type a **Name** and **Description**. Ensure the Name clearly identifies the activity for the students. Do not put the description on the course home page (check box) unless absolutely necessary to ensure the course page does not become cluttered with course details and thus prevent easy student navigation.

Name* Mid-semester Course Evaluation

Description

Paragraph B I [List Icons] [Link Icon] [Image Icon] [Video Icon] [Attachment Icon]

Please complete this course evaluation. I will use the results to adjust my teaching and clear up any misconceptions. I will not publish the results.

As an Instructor in this course I want to assist you in being successful in this course.

Thank-you for participating in this survey.

Path: p

7. **Availability:** Set the opening time and the closing time. If you uncheck the checkbox, there is no time limit.

8. Question and submission settings:

Record user names

Anonymous

Allow multiple submissions ?

No

Enable notification of submissions ?

No

Auto number questions ?

No

Record user names: Record User Name affects only what the teacher sees. Students do not see responses.

Allow multiple submissions: If enabled for anonymous surveys, users can submit feedback an unlimited number of times.

**Moodle does not allow you to change the Allow multiple submissions setting after someone has answered the Feedback activity.*

Enable notification of submissions: If enabled, the instructor will receive an email notification.

Auto number questions: Automated numbers for each question.

9. **After submission**

Show analysis page: If enabled, summary results can be shown to students.

Completion message: This text will be displayed immediately after students submit their answers. You can use this page to explain what happens after the activity.

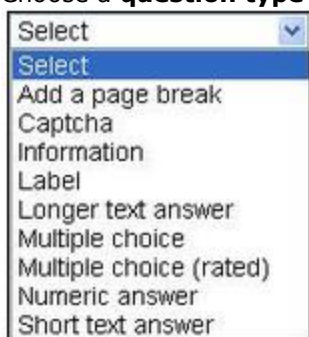

Link to next activity: If you want the students to go to a specific page after they submit the feedback, type the URL. If you leave this blank, the Continue button will take the students back to the course home page.

10. Click on the **Save and return to course** or **Save and display** button.

To Add Questions

1. Click on the **Feedback activity** on the course home page.
You will see the Feedback page.
2. Click on the **Edit questions** tab.
3. You will see the **Add question** to activity page. Click on the **Select** box.

4. Choose a **question type** from the dropdown menu.

- Question Types -

- **Add a page break:** Insert a page break.
 - **Information:** You can insert information about the feedback into the form.
 - ◊ **Response time:** The date and time the user submitted.
 - ◊ **Course:** The short name of the course.
 - ◊ **Course category:** The course category name.
 - **Label:** You can type an explanation or instructions, etc.
 - **Longer text answer:** You can decide the width and number of lines in the text box.
 - **Multiple choice:** There are three types of multiple choice questions.
 - ◊ **multiple choice - single answer:** The student can select only one response by clicking the radio button.
 - ◊ **multiple choice - multiple answers:** The student can select as many responses as they want by clicking the checkbox.
 - ◊ **multiple choice - single answer allowed (drop down list):** The student can select only one response from the dropdown list.
 - **Multiple choice (rated):** This is a multiple choice - single answer question. When the instructor looks at the analysis for this question, the average will be displayed. If the instructor exports the results to Excel, the rating numbers will be also exported.
 - **Numeric answer:** You can set a range of values.
 - **Short text answer:** You can specify the size and maximum characters of the text box.
- * Currently the Captcha function is not available.

5. **Required:** If you require the answer to this question, check this checkbox.
6. **Question:** Type the question.
7. **Label:** Type a Label name. The label will become a dependence item for the dependent question.

8. **Dependence item:** It is possible to show an item depending on the value of another item.
Choose **Label** from the list.
9. **Dependence value:** Type the value.
10. Click on the **Save question** button.
You will see the Preview page.

To Edit a Question

1. Click on the **Feedback activity** from the course home page.
2. Click on the **Edit questions** tab. Click on the **Edit question** icon.

Review Analysis

1. Click on the **Feedback activity** from the course home page.
2. Click on the **Analysis** tab.

Submitted answers: 1
Questions: 1

You will see the result of the feedback. If you want to export the result to Excel, click on the **Export to Excel** button.

To See Individual Response

1. Click on the **Feedback activity** from the course home page.

- Click on the **Show responses** tab.

The screenshot shows the 'Show responses' tab selected in a feedback activity. At the top, there are tabs: Overview, Edit questions, Templates, Analysis, Show responses (active), and Show non-respondents. Below the tabs, it says 'Analysis (Submitted answers: 1) non anonymous entries (1)'. There are filters for 'First name' and 'Surname', both set to 'All' with a dropdown arrow. Below the filters is a table with columns: 'User picture', 'First name / Surname', and 'Date'. The table contains one entry for 'tststu two JW' with a date of 'Sunday, 10 July 2016, 8:15 PM' and a 'Delete entry' link.

- Click on the **date** next to student name. You will see the response.

** If you set the Feedback to anonymous, click on the **Show responses** button next to Anonymous entries(#); then click **Show response** next to "Response number: #".*

Anonymous entries (1)

Show responses

- Click on the **continue** button, which takes you to the responses page.

To Delete Entry

- Click on the **Feedback activity** from the course page.
- Click on the **Show responses** tab.
