

H5P.org to Moodle

H5P is a tool that allows you to create, share and reuse interactive content. It has a wide variety of activities to choose from – interactive videos, quizzes, drag and drop, memory games, flash cards, and much, much more. Content created in H5P.org can be downloaded and restored into Moodle.

Download from H5P.org

1. Go to the [H5P.org](https://h5p.org) and log in with your credentials.

2. Navigate to the H5P activity you want to download and click 'Edit'.

About Me - Writing Practice	2020/05/25 – 23:20	edit
Your Course Homepage	2018/09/04 – 04:32	edit
Confederation - Fill in the Blanks	2018/04/30 – 19:40	edit

3. Scroll down to **H5P Options** and make sure 'Allow download' is checked. Click 'Save'.

Upload to Moodle

- Go to the course home page.
- Click on the **Settings** button at the top right of the page, and then select **Turn editing on** from the dropdown menu.

3. Click **Add an activity or resource** in the section where you would like to insert an assignment.

4. Click on the radio button next to **Interactive Content** and click on the **Add button**.

5. Add an activity description if necessary. Locate the Editor, and click '**Upload**', then '**Upload a file**'. Navigate to the file you downloaded.

6. Once you have added the activity, select '**Use**' and wait for the activity to upload.

The H5P activity has been uploaded to Moodle!

Note: You can't open H5P file on your computer, it first has to be uploaded to Moodle, or a website that supports it.
